# SMART LIPO

The Body Perfect Clinic is one of the few exclusive clinics in the country that is offering Smart Lipo conducted by Harley Street doctors. SmartLipo is a revolutionary fat removal device that safely removes pockets of fat under local anaesthetic.

Unlike Liposuction there is minimal discomfort, bruising or downtime, and at the same time the skin is tightened. It is very suitable for double chins, love handles, inner thighs, hips, upper arms, ankles, basically anywhere where there is a pocket of fat that you would like to remove.

Results can be seen as soon as one week, with continued improvement over several months.

Dr Choudhuri, Dr Jabbar and their team strive to offer you the best and safest tailor made treatment plan. They personally carry out or supervise all treatments. They are members of the Royal College of General Practice and the British Medical Laser Association (BMLA).
