WRINKLE REDUCTION

Wrinkles can be caused by a many factors; these include ageing skin, significant weight loss, smoking and sun damage. Medical peels and laser treatment can reduce lines and wrinkles as well as treating scarred skin.

Botox injections into frown lines, forehead lines and crows feet has been shown to be very successful at significantly reducing them. Modern fillers can be used to replace the scaffolding in the skin.

We offer the widest range of anti ageing and anti wrinkle treatments that are currently available.

- Intense Pulse Light treatment. The latest technology in cosmetic non invasive treatment considered the best in the world!!
- Chemical peels
- Botox Injections
- Fillers/Restylane
